Please note the qualifications on the data which were supplied by BOCSAR (in the files from BOCSAR) and make sure to acknowledge them appropriately on website etc.	Unable to update	Data provided by BOCSAR on request. Note, LGAs in data provided by BOCSAR did not match with LGAs listed on ABS website (which formed the majority of the calculator stats). Those that initially did not match were isolated and matched to the ABS label for that region. Some LGAs from BOCSAR needed to be added together in order to accurately match the label of the ABS LGA.
